OBJECTIVE

Engineering Student at **Arts et Métiers (ENSAM)**. Seeking a 6-month **Electrical/Mechanical Engineering internship** for September 2026. Passionate about **concept design, 3D CAD modelling, and mechanical prototyping**, with a strong drive to solve real-world engineering challenges. Eager to bring my technical curiosity and hands-on project management skills to multidisciplinary projects.

EDUCATION

Master of Science in Mechanical Engineering, Arts et Métiers (ENSAM) — Expected 2027
Lille, France — *Ranked Top 6% (69/1200)*
Relevant Coursework: Mechanics, Computer Science, CAD, Manufacturing Processes, Mechanics of Materials, Supply.

Intensive Course in Math and Physics (CPGE), Lycée Henri Wallon — 2022 - 2024
Valenciennes, France — Mathematics, Physics, and Engineering Sciences.

SKILLS

Technical Skills	CAD (Solidworks, Autodesk/Fusion360), 3D Printing (FDM/SLA), Abaqus, MS Office Suite
Programming	Python (OOP), C/C++ (Arduino, STM), HTML/CSS
Soft Skills	Project Management, Team Leadership, Problem Solving, Technical Training
Languages	French (Native), English (Professional, TOEIC C1)

EXPERIENCE

Technical Intern — June - Aug 2025
Machines-3D — *Bruay-sur-l'Escaut, France*

- Diagnosed and repaired professional 3D printers, reducing downtime, while conducting R&D tests on resins.
- Provided B2B technical support, led training workshops, and created marketing content to support sales.

Intervenant - Technical Project Engineer — 2025
AMJE (Junior Enterprise) — *Lille, France*

- Designed complex CAD files (STL) and managed the full prototyping process for a railway exhibition model.

PROJECTS

Autonomous UAV "H1-Alifractura" (Dassault Challenge). Developing a fixed-wing marauder drone (1.8m wingspan). Implemented flight control using **Pixhawk/Ardupilot** and **Raspberry Pi** for autonomous navigation and sub-drone deployment.

5-Axis Robotic Arm. Designed a 3D-printable robot arm for a showroom display. Optimized "Design for Additive Manufacturing" (DfAM) and analyzed cycloidal/harmonic gear systems for precise movement.

National Winner - L'Oréal Brandstorm France — 2026

- Ranked **1st out of 8,000+** participants. Developed a disruptive fragrance concept for the **Azzaro** line.
- Engineered a new product experience with an estimated revenue potential of **several million euros**.

LEADERSHIP & ACTIVITIES

- **Vice-President, GadzEn4L:** Leading the team for the **4L Trophy 2026** humanitarian rally. Managed association creation, budget planning, and corporate sponsorship acquisition.
- **Fablab Manager:** Supervise the school's Maker Space, training students on 3D printers and laser cutters while ensuring safety protocols.
